

Sussex

Wildlife Trust

Thanks to the amazing support of our members we have achieved so much for wildlife in the past year – here are just a few of the highlights...

Supported **60+** community groups to take action for wildlife

286 leaky dams constructed to slow river flow and restore habitat

Advised over **100** landowners on managing land for wildlife

Answered over **1600** WildCall enquiries

Launched **Sussex Kelp Restoration Project** with partner organisations to restore healthy seas

85,000+ social media followers

Over **1,870** children enjoyed outdoor adventures through Nature Tots and Watch groups

1 million+ records added to the Sussex Biodiversity Record Centre database

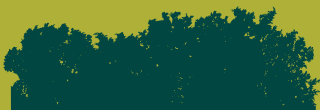

City of Meadows project created in Brighton & Hove

Beavers settled in Sussex after hundreds of years

Planted **19,650** native trees and shrubs

3,745 m of hedgerow created

Surveyed **29** Local Wildlife Sites

Opened **Rye Harbour Discovery Centre**

Thank you so much for all you do to support our work throughout Sussex
